CARE & QUALITY

OPPORTUNITY

Wellbeing is at the forefront of design with all Mountpark buildings and Hinckley is no exception.

Productivity is enhanced when workplaces are designed around people.

Exceptional landscaped green spaces, with enhanced biodiversity, create a healthier and more energising place of work.

Mountpark Hinckley is a prime example of prioritising employee welfare:

- Enhanced natural lighting to warehouses and offices
- Breakout gardens
- Roof terraces
- Passive roof ventilation
- Water fountains
- Shower facilities
- £10,000 grant towards enhanced amenity facilities

There will be over **2.5 km of new off-road footpaths and trim trails** with enhanced biodiversity through extensive planting and habitat creation plus improved road and pedestrian connectivity.

CONTACT

DOWNLOAD BROCHURE

DETAIL & DESIGN

As part of the scheme, Mountpark will be undertaking improvements to local infrastructure, improving connectivity and enhancing the overall efficiency of regional and national distribution networks.

Almost 73% of the total site has been allocated to green spaces. Enhanced meadow, wetland and grassland habitats, along with extensive planting throughout, connecting Mountpark Hinckley to the local area.

■ Initiatives to the park

■ Enhancements to surrounding area

Over 2.5 km of new off-road footpaths/trim trails with fitness equipment to extend public access to the site.

Enhanced (net gain) biodiversity through extensive new planting and habitat creation, including new wetland habitats.

Improvements to Doowells roundabout as part of highway works to improve traffic flow.

Improved connectivity with surrounding residential areas including footpaths and a new pedestrian crossing on the A5, and increased bus stops to reduce road users.

Over 15,000 new native hedgerow plants, **over 25,000** new native scrub and other plants, and **over 10,000** new native trees/woodland plants on-site.

Landscaping screening including earthworks bunding to provide a buffer between the site and surrounding areas.

Focus on reducing energy use and carbon emissions through renewable energy generation via PV panels, and provision of EV charging points.

Carriageway lowering works beneath the Watling Street railway bridge to meet the national standard height clearance. Alongside drainage upgrades to mitigate the current storm water flood issues, the works will significantly improve reliability and traffic flow along the A5.

LOCATION

OCCUPIERS

Mountpark Hinckley is strategically located at the heart of the UK's 'Golden Triangle' for distribution, and at the centre of its motorway network and logistics infrastructure.

The scheme boasts outstanding road communications with access to the M69 (J1), M1 (J20), M6 (J2) and M42 (J10) motorways all within 12 miles.

Parcel Hubs	Distances
DPD International Gateway	0.5 Miles
DPD Hub 5	0.7 Miles
Birch Coppice RFI	11.8 Miles
Royal Mail Super Hub	14.7 Miles
Rail Freight Terminals Dirft	16 Miles

LOCATION

OCCUPIERS

Major companies that have invested in and committed their futures to the area include Tesco, DPD, DP World Logistics, Amazon, Alliance Healthcare and Triumph, to name a few.

Mountpark Hinckley has a diverse choice of parcel hubs close by, including DPD International Gateway (0.5 miles away) which is one of the largest fully automated domestic parcel hubs in Europe, sorting 72,000 parcels per hour.

DELIVERING WHERE IT MATTERS

A5

Mountpark Hinckley lies adjacent to the A5, providing direct access to J1 of the M69 motorway. The improvements being undertaken to the A5 as part of the development, including removal of height restrictions, will enhance reliability and overall efficiency of the road local network.

M1

The spine of the UK's logistics network, connecting between London and Leeds across 193 miles. Junctions 19 and 20 are both accessible from the park within 11.5 miles via the A5 and M69 respectively.

M6

The longest motorway in the UK running just over 230 miles from the Midlands to the border of Scotland, which can be reached in 10-minutes from Mountpark Hinckley via the M69.

EAST MIDLANDS AIRPORT

The largest airport outside of London and the UK's largest dedicated air cargo operation, is just 30 miles north.

PORTS

Centrally located, the park is accessible to all of England's major container and deep water ports within a 4 hour HGV drivetime.

RAIL FREIGHT

Within 50 minutes of 6 rail freight terminals (existing and under construction) supporting opportunities for sustainable transport.
